

Project Step 1 Rubric

Project Step 1 Final Version Rubric

- Project Outline: 40% points
- At least 4 entities: 10% points. Deduct proportionately for missing entities.
- At least 4 relationships: 20% points. Deduct proportionately for missing relationship.
- At least one many-to-many relationship. 10% points.
- Data types and constraints for each attribute of each entity: 20% points per entity divided among the attributes.

Any missing constraint/data type for any attribute will result in proportionate reduction.
